Ready to build a workplace that supports well-being and resilience?

The ROSE Project offers a unique set of educational tools with theoretical, practical, and creative components to:

- support young employees in managing work-related mental health challenges, eco-anxiety, and time pressure, fostering a healthier and more balanced work environment.
- equip HR professionals, trainers, and mentors with innovative employee training resources to boost personal development and emotional well-being.
- promote employee retention and capacity enhancement through engaging training tools, applying storytelling, training games, and combining science and business practice.

Employee Learning Package

ROSE offers a comprehensive employee education program made up of 3 interconnected, standalone training tools to support people development and emotional resilience in the workplace.

- **Reinventing Employee Mentoring:**
A novel and dynamic mentoring handbook designed to empower HR professionals in mentoring and addressing work-life challenges such as stress, burnout, work overload, depression, or climate anxiety;
- **Inspiring Through Storytelling:**
A practical guide designed to help mentors and HR champions engage, motivate, and master storytelling to turn employee training into a memorable journey of growth;
- **Play to Explore - Business Game**
An escape room-themed role-playing game mixing fiction and real-life workplace challenges to boost skills and cooperation.
